

PROGETTO PIT.AGORA' – PROGRAMMA LEONARDO D.V. TOI 2010
 CUP Code: G12F10000140006

WP 5 – EXPERIMENTATION

ADAPTATION AND CHANGES FORM

The purpose of this form is to collect suggestions from the teachers involved in experimentation about possible changes and adaptations to the materials of the laboratories. Teachers can use it to record suggestions and proposals in relation to the difficulties anticipated or encountered in the experimentation. These contributions will be used for the preparation of the final Kit.

Please indicate the specifications (type of laboratory, teacher, school and class).

Laboratory	1	Numeri e conti presso gli antichi sumeri (Numbers and calculations with the ancient Sumerians)
	2	I geroglifici degli antichi egizi (The hieroglyphs of the ancient Egyptians)
	3	Regoli per il calcolo (Calculating sticks)
	4	Pitagora e il suo Teorema (Pythagoras and his theorem)
Teacher (name)		
School		

Changes suggested
